

STANDARD Advent Calendar

Advent Calendars quick & easy to personalise!

Your individual print:

Please send us your 1 - 4 colours digital data and/or your Christmas wishes as vectorised data. We will check and prepare your data for the respective print procedure and put it into the chosen STANDARD motif.

You can put your data on white but also on coloured background – please make sure to use the greatest possible contrast for your optimal promotion presence. For an optimal appearance of your promotion print, relevant parts should not be placed directly to the edge of the format. There is no possibility to modify the STANDARD motifs (like different background, move or delete details).

For motifs which are marked with a star (*) you can use the available Christmas wish in German, French or English language.

Classic chocolate Advent calendars are possible with horizontal and vertical formats. A5 chocolate Advent calendars are ONLY possible with horizontal formats.

You will receive an artwork for approval before we start with production.

Fonts: The smallest readable font size for positive print is 6 pt and for negative print 8 pt – depending on the font. All fonts must be converted in paths (vectorised).

Mandatory texts: Manufacturer/Distributor, best before date and ingredients are mandatory texts, which are indicated on the stand drawing. Manufacturer/Distributor and ingredients are pre-printed on the back side. We will take care of the apposal of these information but you can choose which company will be showed as distributor. The best before date the batch number are generally printed on the back or side flaps of the Advent calendars at the time of production.

Printing: Digital or offset print

Data delivery: by link (ex. WeTransfer) or by mail directly to your contact person.
